

# Public Workshop

## Grass Valley/Gold Country Stage Transit Transfer Center

**Thursday, March 4, 2010  
6:00-8:00 p.m.**

The Nevada County Department of Public Works is hosting a workshop for the proposed Grass Valley/Gold Country Stage Transit Transfer Center. The project design will need to:

Meet the needs of transit passengers,

Recognize the environmental sensitivity of Wolf Creek,

Be safe and secure,

Capitalize on the visibility of the site, and

Reflect the unique architecture of Grass Valley.

Given the opportunities this project offers, community input is critical to project development. This workshop will include a brief presentation, time for questions, an opportunity to review tentative design and site elements and provide comments.

Grass Valley City Hall  
**Hullender Room**  
125 East Main Street  
Grass Valley, CA 95945
